Well done to Isabel, Myles and Nate on their recent achievements!

We are aware that some of you may be struggling with access to online lessons because of a lack of devices or a lack of speed on your Internet connection and it may be possible that we can help you by:

- Lending you a device (subject to demand and availability).
- Allocating a 4G router, which may help with internet speeds depending on the 4G coverage in your area (subject to DfE confirmation that we have been allocated some)
- Applying to mobile phone providers that are supplying additional data to allow for better access to remote learning during this lockdown (limited availability).

Please apply for support by accessing the form in the link below: [IT Support During Lockdown](#)

Finally, we are putting out a request for **old or unused laptops**, which we can utilise to support pupils working online from home. If this is something you would consider donating to us, please contact Mrs Underdown (ICT Technician) at [L.Underdown@queenelizabeths.co.uk](mailto:L.Underdown@queenelizabeths.co.uk).

#### Adjustments to the Covid-19 Plan

*Nothing to report.*

*Cor unum, via una*
