

# QUEEN ELIZABETH'S GRAMMAR, ALFORD

*A Selective Academy Ltd*

## **Part-time Science Teacher (0.5 FTE) required for September 2019**

Thank you for your interest in this post. Ideally, the person appointed will:

- Be well qualified
- Be a very good practitioner
- Have high expectations
- Be energetic and have the ability to inspire and motivate students

There would be the opportunity for a full-time post for a candidate able to teach both Computer Science and Science. Applications are welcome from NQT as well as more experienced teachers.

Within this booklet are details of our academy and the department. Also, included within the pack is the job description. There is more information about the academy on our website, [www.queenelizabeths.co.uk](http://www.queenelizabeths.co.uk). In order to apply, please complete the enclosed application form and write a letter outlining why you think you would be an ideal candidate for the post.

Deadline for applications is 12 noon on **21 June 2019**.

Best wishes

Angie Francis  
Headteacher

## ***Brief Details of the School***

Queen Elizabeth's is a Selective Academy, currently having 573 pupils (including 1137 in the sixth form) on roll. We converted to Academy status in October 2010.

The school is a very friendly and caring community in which pupils are known and valued individually. The atmosphere is calm, happy and purposeful; standards of attainment, behaviour and dress are high.

Academic results are high at Queen Elizabeth's and we are proud of our reputation as one of the top Grammar schools in Lincolnshire.

We aim to provide a broad, balanced, relevant and differentiated curriculum, with our Specialist status being Business and Enterprise.

## ***The Science Department at Queen Elizabeth's***

The Science department comprises 5 full-time and two part-time members of staff (including the subject leader and a second in science) as well as a science technician. The science facilities consist of four well equipped laboratories and a temporary laboratory as well as associated preparation and storage rooms. We work to a 25 period week with 1 hour lessons. In Years 7 and 8 pupils have 3 science lessons per week whilst pupils in Y9 – Y11 have 5 lessons per week and follow either a combined science course, or study for separate science GCSEs. A healthy number of pupils then go on to study for A level qualifications in Biology, Chemistry and Physics. In autumn 2019 we are launching a new A level equivalent qualification in Applied Science.
